PROFESSIONAL SUMMARY

Full-stack developer with 2+ years of experience building and scaling multi-tenant SaaS platforms using Laravel, React, and TypeScript. Experienced in designing secure tenant-isolated architectures, optimizing system performance, and delivering production-ready applications that support real-world business operations. Strong focus on backend architecture, API design, and end-to-end feature ownership.

TECHNICAL SKILLS

Core Stack: Laravel, React, TypeScript, JavaScript, MySQL

Frontend: Tailwind CSS, shadcn/ui, Vue.js, HTML, CSS

Backend & APIs: RESTful APIs, multi-tenant architecture, database design

Other Technologies: PHP, C#, .NET (WinForms), MSSQL, SQLite

Tools: Git, WordPress

PROFESSIONAL EXPERIENCE

Bangalow Pty. Ltd. | *Software/Web Developer*

April 2025 – Present

- Lead development and maintenance of a multi-tenant SaaS platform using Laravel, Inertia.js, React, and TypeScript
- Designed and implemented database-per-tenant architecture, improving data isolation, security, and scalability
- Built and deployed custom business management systems aligned with client workflows and operational needs
- Refactored legacy C#/.NET WinForms applications, improving performance, maintainability, and user experience
- Identified and resolved system bottlenecks, enhancing application stability and reducing recurring production issues
- Collaborated with stakeholders to translate business requirements into scalable technical solutions

Self-Employed | *Freelance Full Stack Developer*

June 2024 – April 2025

- Delivered end-to-end web applications for clients, from requirements gathering to deployment
- Developed scalable backend systems using Laravel with well-structured database architecture and REST APIs
- Built dynamic, responsive front-end interfaces using React, Vue, and modern UI frameworks
- Designed reusable components and modular code structures to accelerate development across projects

Encore Leasing and Finance Corporation | *Programmer / Data Center Staff*

Oct 2023 – June 2024

- Developed internal systems that streamlined business operations and reduced manual processing
- Managed cloud and on-premise infrastructure, ensuring system uptime and reliability
- Optimized MSSQL and MySQL databases, improving query performance and data integrity
- Provided technical support for loan management systems, minimizing downtime and operational disruptions
- Implemented IT policies and security measures to improve infrastructure consistency and compliance

Arao Software Development Services | *Web Developer (Part-Time)*

May 2022 – Sep 2022

- Developed responsive web applications using PHP, JavaScript, HTML, and CSS
- Built custom WordPress solutions with backend functionality
- Collaborated with development teams to deliver projects on schedule

Alalay sa Kaunlaran Incorporated | *Technical Support Intern*

Jan 2023 – May 2023

- Provided hardware and software troubleshooting support across departments
- Assisted in data management, reporting, and system updates

PROJECTS

E-Signature SaaS Platform — *Full Stack Developer*

- Developed a multi-tenant SaaS application using Laravel and Stancl Tenancy
- Designed secure multi-recipient signing workflows with token-based access
- Implemented tamper-evident audit trails using hash-chain verification for document integrity
- Integrated Stripe for subscription billing and usage-based pricing
- Built PDF processing pipelines with watermarking and version control

AI Story Book Maker (AI-Powered Platform) — Full Stack Developer

- Built a full-stack AI platform integrating LLM and image generation APIs
- Designed a multi-role system (Teacher, Student, Parent, Admin) with role-based access control
- Developed classroom management and student progress tracking features
- Implemented bilingual support (English/Tagalog) with automated translation workflows
- Created an interactive, mobile-responsive BookReader with animations
- Designed a credit-based usage system with transaction tracking

EDUCATION

Nueva Ecija University of Science and Technology

July 2023

Bachelor of Science in Information Technology, Major in Web Systems Technology

Honors: Academic Distinction Awardee

CERTIFICATIONS

Information Technology Specialist – HTML and CSS | *Certiport*
